Kiwi Point Quarry

Wellington City District Plan

Clause 10 of First Schedule, Resource Management Act 1991

On 1 May 2019, Wellington City Council approved proposed District Plan Change 83 to rezone an area of land to the south of Kiwi Point Quarry in Ngauranga Gorge. The change allows for the expansion of the south face of the quarry for quarrying activities.

The proposal sought to:

- Rezone an area on the southern side of the quarry site from Open Space B to Business 2.
- Introduce a new objective that recognises the importance of quarrying aggregates at Kiwi Point Quarry to provide for the future growth and development of the city.
- Introduce a new controlled activity rule that applies to the rezoned southern face expansion area. The Council's control is maintained over buffer areas from residential sites, cut face rehabilitation, ecological mitigation, and screening.
- Introduce a range of standards relating to the quarrying of the expanded site, and make changes to a range of explanatory text and a number of consequential changes including changes to Planning Maps 22 and 23.

The notice of this decision is given under Clause 10 of the First Schedule of the Resource Management Act 1991. From the date of this notice, the District Plan is amended in accordance with this decision.
