I OPPOSE the submission of Heritage New Zealand (submission no. 12)

C/- Jullian Kennemore

PO BOX 2629

Wellington 6140

The particular parts of the submission that I support or oppose are:

I OPPOSE the statement that the building can removed from the heritage listing of the District Plan on the "basis that the building is not a national heritage listing".

**The reasons for my support or opposition are:
(Please give precise details.)**

I am strongly opposed to this statement as Councils obligations to identify, protect and manage heritage do no relate to just places of national significance. Their is a duty to value all forms of heritage and the relevant thresholds for statutory management also include values of regional (and local) significance. The submission suggests only places of national heritage significance should be afforded formal protection. This is contrary to Heritage NZ own listing framework, with regards to category II places which are very often of regional significance only.

I/we seek the following decision from the Council (please give precise details)

I seek that Council does not factor in the "neutral" position set out by Heritage New Zealand in relation to delisting and statements pertaining to a need for a national level of significance.
