Trade competition and adverse effects

Could you gain an advantage in trade competition through this submission?

No

Are you directly affected by an effect of the subject matter of the submission that:

(a) adversely effects the environment?

(b) doesn't relate to the trade competition or the effects of trade competitions?

No

Your submission

EITHER upload your submission here, making sure that you:

OR you can fill in the fields below with your submission:

State the specific provisions of proposed District Plan Change 81 that your submission relates to.

My submission relates to point 1, 2 and 3 of the proposed District Plan Change with a strong priority towards point 2 and 3. The institutional rezoning and changing to the building height restrictions.

State whether you support or oppose the specific provisions or wish to have them amended. You should also state the reasons for your views.

I am in full support of the rezoning!! Please see attached extra document for a summary of my Architectural Master's Research so far on how a Campus expansion down the hillside would open up a direct gateway and new main entrance between city and University.

What decision do you want the Council to make? (please give precise details)

Please consider an institutional rezoning. It would let my dream continue of my Thesis becoming somewhat reality one day.

Also it would encourage architectural thought across the School of Architecture to know the Council does look at and think about design ideas coming out of the educational system.

Thank you

Oral hearing

Do you want to be heard in support of your submission?

Yes

Joint cases

If others are making a similar submission, do you want to consider presenting a joint case with them at the hearing?

No
