District Plan Text – Volume 1

Additions to Area-based Rules

The proposed plan change adds text to the heading for each rule chapter [i.e. Chapters 5, 7, 9, 11A, 11B, 13 (not 13B), 15, 17, 19] before the heading for permitted activities. Variation 7 proposes the following amendments:

1. Remove the words “or earthworks” from the statement:

The following rules apply in the [XXX] Area except that where the following heritage rules in Chapter 21 apply the Area based rules (for signs, or earthworks, or subdivision as the case may be) do not apply:

2. Remove the second bullet point item, which reads:

- *The earthworks rules in Chapter 21B apply for all earthworks in a listed Heritage Area.*

3. Add a marginal note beside Rule 21B.1.3 to read:

Earthworks are also subject to the relevant objectives, policies and rules in Chapter 19
