1.1. OVERVIEW OF THIS GUIDE

The purpose of this guide is to outline what the District Plan is, why we have one, how it is implemented, and what it tries to achieve for Wellington.

Section 1 introduces the plan and answers these questions, while sections 2 and 3 provide an outline of the plan contents.

For a more detailed understanding of the District Plan's provisions, please consult the plan itself – you can find it at Wellington.govt.nz (search District Plan) – or talk to the Council's District Plan Team.
