Schedule B:
Open space areas and tracks that have a
priority use for mountain bikes
 (developed April 2016)

Due to the location and design of some tracks, conflicts occur between user groups. In some places, to ensure public safety, help minimise conflict between users and enhance the mountain bikers' experience, some tracks will have mountain bike priority use.

In the table below, mountain bike tracks are identified as priority-use tracks for mountain bikes. This means that walkers and runners are expected to give way to mountain bikers and that the tracks have been designed for a mountain biking experience and may be difficult for many walkers.

Signs will be installed to alert all users, for example: *CAUTION! Priority mountain bike track, recommended that walkers and runners use an alternative route.*
