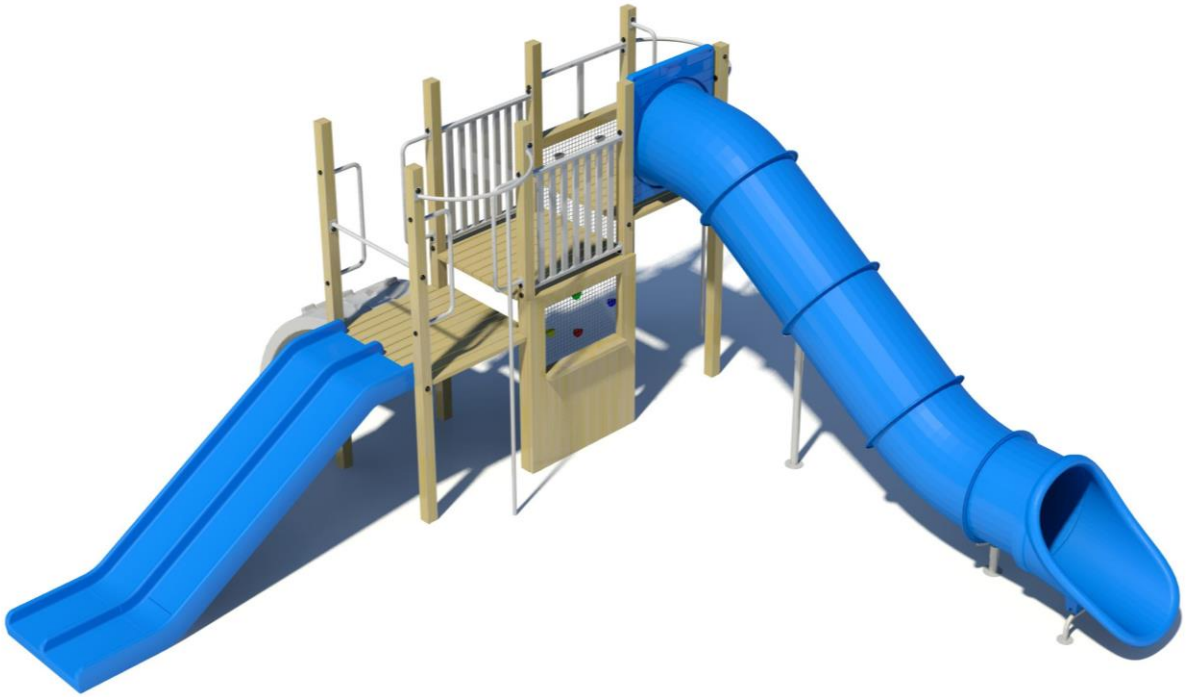
EQUIPMENT OVERVIEW

WELLINGTON CITY COUNCIL
BREAKER BAY PLAYGROUND – DESIGN ONE



Designed around our belief that a playground should encourage Play, Healthy Living, Learning and Social Development, a PlatinumPlay modular playground is the perfect solution for the school environment.

All PlatinumPlay playgrounds are manufacture with **hot dipped galvanised steel events**, which ensures our customers receive an end product that will give them years of safe play for their children, with very low ongoing maintenance/costs for their maintainers (e.g. caretaker).

NEW ZEALAND MADE
