

**Minute #5 of Independent Commissioner Hearing Commissioner  
127 and 141 Stewart Duff Drive  
Reference (SR) No. 519248**

**Hearing**

Following a review of the information provided at the hearing, I am now satisfied that I have an appropriate level of information to make a recommendation. I have subsequently found it not necessary to reconvene the hearing or put further questions to the S42A reporting officer and advisors.

On that basis, the hearing is now closed.

Whilst there is no statutory time frame for a decision on a Notice of Requirement Decision, I will endeavor to reach a decision in as timely manner as is practical.
