

ARTS AND CULTURE FUND- OCTOBER 2013

1. Purpose of report

Provides recommendations for the distribution of the Council's Arts and Culture Fund

2. Executive summary

The Council provides grants to assist community groups to undertake projects that meet community needs. Grants are also a mechanism for achieving the Council's objectives and strategic priorities, especially those priorities that rely on community organisations carrying out specific activities.

The 2013 review of the grant criteria proposed a move away from generic criteria in favour of specific criteria for each fund. The review highlighted the need to move away from generic criteria in favour of specific criteria for each grant fund. While each pool may share a number of criteria, others would be tailored to suit the particular demands of that community of interest and relevant Council outcomes.

In June 2013 four new grant funds were established; the Our Living City Fund, the Business Improvement District Development Fund, the Arts and Culture Fund, and the Social and Recreation Fund.

3. Recommendations

It is recommended that the Committee:

- 1. Receive the information.*
- 2. Agree to fund the applicants as listed in Appendix 2.*

4. Background

The Arts and Culture Strategy and Events Policy provided the strategic framework to establish criteria for the Arts and Culture Fund. The funds focus areas are- the city as a hothouse for talent, Wellington as a region of confident identities, active and engaged people, and our creative future through technology.

The criteria and focus areas (priorities) for the Arts and Culture Fund are included as Appendix 1.

5. Discussion

These funds provide grants to community organisations for projects that meet the criteria for the fund (Appendix 1).

This is the second of three funding rounds for 2013-14. In the first funding round (closed 31 July 2013) \$88,900 was allocated to 22 projects. The next funding round will close in March 2014.

There are 38 applications to the Arts and Culture Fund requesting a total of \$246,736. Funding available for allocation for the Arts and Culture Fund is \$88,800.

5.1 Application Assessment

Officer's recommendations (Appendix 2) are based on evidence of need, alignment with the Council's strategic goals, the fund criteria (Appendix 1) and the likely effectiveness of funding the project.

Officers also take into account the management of previous funding (through accountability reports).

The assessment process may include consultation with; the applicant, persons or organisations referred to in the application, Council officers, and persons operating or knowledgeable about similar services to that of the applicant. Applicants are given five working days where possible to respond to a request for more information, so some recommendations may be subject to change depending on responses received after this report has been written.

To ensure funds are used appropriately, conditions may be suggested in certain circumstances should funding be approved. This is usually in cases where applicants need to use funds for a specific aspect of their budget or they are awaiting confirmation of sufficient funds from other sources to proceed with their project.

The original information provided through online application has been made available to members of the Committee.

The recommendations (Appendix 2) give each applicant's organisation name, a brief project description, the total project cost, amount requested and general comments from Council Officers.

6. Conclusion

The Economic Growth and Arts Committee is asked to consider the applications received for the Arts and Culture Fund and decide whether or not it is appropriate to fund the applicant, and at what level.
