
PROPOSED TEMPORARY ROAD CLOSURE – IMPACT REPORT

WELLINGTON CAR CLUB – SHELLY BAY SEALED SPRINT SUNDAY 30 SEPTEMBER 2012

1. Description of Event

The Wellington Car Club wish to run a Motorsport New Zealand sanctioned race, under their approval by way of an Event Organisers Permit. The regulations and other relevant documentation are endorsed by the Motorsport New Zealand Area Steward. This event has been held for a number of years on its current course, which is approximately 2.6km long.

It is proposed to close **Massey Road** (at Scorching Bay Reserve, and the northern entrance to the former Shelly Bay Defence Base) **from 7:00am to 6:00pm on Sunday 30 September 2012**, with the start line located at Point Gordon.

Public notification signage will be erected at least 10 days prior to the event. Marshals (15 in total over the entire closure), with detour maps available, will be in place at the intersection of Miramar Ave and Shelly Bay Road, and at the intersection of Awa/Karaka Bay Roads and Marine parade. Marshals will assist traffic by redirecting them with the maps if required. Emergency access will be from either Shelly Bay Road or Karaka Bay Road and will be assisted by marshals. Where main walking tracks meet the event, road and pedestrian crossings will be controlled by marshals. The event is to be traffic managed by the Club's approved traffic management and event safety plan.

Residents and businesses directly affected by the road closure (those within the closed area or directly adjacent to the closed area) will be notified by letter drop prior to the event. The road closures will be advertised in the Our Wellington Page of the Dominion Post the Tuesday before the event.

2. Events Directorate Support

The Events Directorate has no connection with, and no objection to, this event.

3. Proposal Notice and Consultation

The public notice that the Council is proposing to consider this closure was published in the following newspaper:

- Dominion Post Saturday 30 June 2012

The New Zealand Police and the Ministry of Transport have also been consulted with.

4. Objections

There have been NO objections to this closure request.

5. Traffic Impact Assessment

Prior Closures

None of the proposed closures for this event will result in a road being closed for an aggregate of more than 31 days in any year.

Traffic Impact

In the opinion of the Councils' Transport Network Manager, acting as the Council's Traffic Engineer, the proposed closure, if implemented according to the plans provided, is not likely to impede traffic unreasonably subject to the conditions stated below.

However, the Council reserves the right to modify this opinion at any time.

If, in the opinion of the Council, the closure may or does impede traffic unreasonably, any approval granted by the Temporary Road Closures Subcommittee may be revoked and the event organiser may be required to re-open the road at the direction of a suitably qualified Council officer in charge of traffic.

Conditions:

- The event organiser is to provide adequate advanced notification signage at key locations and publicity to ensure that the public is advised of this rally and the road closures.
- The event marshals are to ensure safety is not compromised at locations where pedestrians and the sprint race event are in conflict.

Signed

Soon Teck Kong
Manager - Transport Network
