# RESPONSE TO PETITION FROM PENINSULA PARENTS FOR A SAFER COMMUNITY OPPOSING SALE OR LEASE OF ANY WELLINGTON CITY COUNCIL LAND AT SHELLY BAY

---

## Summary

Primary Petitioner: Peninsula Parents for a Safer Community  
Total Signatures: 4431

Presented by: Peninsula Parents for a Safer Community

## Recommendation

That the Council:

1. Receive the information.
2. Note that Council officers are bringing a paper to Councillors in November to consider the Key Commercial Terms of any commercial development agreement and proposed forms of engagement on the future of Shelly Bay Road.
3. Note that the matters raised in the petition presented by Peninsula Parents for a Safer Community will be considered by Council when it makes a decision in November.
4. Note that the matters raised in the petition have also been considered throughout the resource consent process, part of which is subject to an ongoing application for judicial review in the High Court.
5. Recommend that (as these matters will be taken into account in the November Council meeting) that the matters raised in this Petition be dealt with at that time.

## Background

1. Wellington City Council operates a system of Petitions whereby people can petition the Council on matters related to Council business.
2. The Petition details are as follows:

*"The petition registers our opposition to the sale or lease of any Wellington City Council land at Shelly Bay.*

*It was organized by Peninsula Parents for a Safer Community, a diverse group of voters who live all over Te Motu Kairangi.*

*One of our primary concerns is traffic congestion and the lack of planning and safety considerations being given to the impact on our roads this proposed development will have – including the very real danger of serious accidents leading to loss of life.*

*Despite derogatory claims that we're merely "fans", Peter Jackson had precisely nothing to do with this petition.*

*The vast majority of signatures are from Wellingtonians and their extended whanau who raise their voice out of genuine concern for our city's future.*

*Please listen to us."*

3. The Petition closed on 1 September 2020 with 4431 authenticated signatures, the Peninsula Parents for a Safer Community have reviewed the list and removed 28 double ups and five fake names. The list of authenticated signatures is presented as Attachment 1.

## **Officers' response**

### Context:

4. The Shelly Bay development is a proposed development on the western edge of the Miramar peninsula, being undertaken between The Wellington Company (TWC) and Port Nicholson Block Settlement Trust (PNBST). The development is proposed over land which is primarily made up of private land with the remainder Council land.
5. The Developer TWC applied for and was granted a resource consent for the development under the under the Housing Accords and Special Housing Areas (HASHA) Act 2013 in April 2017. Part of the assessment of the resource consent application included consideration of the traffic effects and roading infrastructure required to support the development.
6. On 27 September 2017 the Council agreed, in principle, to sell and lease portions of Council land at Shelly Bay. The CEO and Deputy Mayor were delegated authority to complete the relevant commercial agreements.
7. In 2018 an application for judicial review of the 2017 resource consent was brought by Enterprise Miramar Incorporated (EMPI). The High Court initially dismissed the proceeding, but on appeal by EMPI the Court of Appeal quashed the decision to grant the resource consent and referred the matter back for reconsideration by Council. Three Independent Commissioners were appointed to a panel to consider the resource consent on behalf of Council.
8. On 11 July 2019 then CEO Kevin Lavery announced that the authority delegated to him by Council to finalise and execute a commercial agreement would not be exercised, but rather a report would be presented to Councillors to enable them to consider the transaction, by including:
  - The key terms of the transaction that Council proposes entering into in respect of the development, including the counter party;
  - The timeframe, scope and funding of further work in respect of Shelly Bay Road; and
  - Any of the resolutions made on 27 September 2017, which may need to be amended or rescinded as a result of change in circumstances.
9. In October 2019 the panel of Independent Commissioners granted the Developer a resource consent for the development. That consent is now the subject of a Judicial

Review in the High Court. A decision on this matter is not expected before early-mid 2021.

10. Following the Commissioners' decision, officers provided an update to Councillors in workshops on 12 February 2020 and on 4 August 2020.
11. Officers have been undertaking the work required by the Council resolutions and the then CEO's announcement to bring back the relevant information to the Council for a decision in November 2020. This work includes negotiation of the Key Commercial Terms.

November Report:

12. The November 2020 report will seek a decision on whether to approve the Key Commercial Terms of the proposed commercial arrangement. Negotiations with the developer in relation to the Key Commercial Terms are ongoing.
13. It is proposed that the matters covered by the petition will be considered as part of the November 2020 decision as:
  - a) The petition relates primarily to the decision being made at the November Council meeting (being Council's approval or otherwise of the proposed key commercial terms in relation to the sale and lease). Given that the work undertaken by officers on this issue is ongoing, officers recommend that the decision be made in November so that the Council will have all of the details before it when making the decision;
  - b) The petition also raises matters in relation to Shelly Bay road and engagement on the road. The proposal for engagement on the road will be considered in the November meeting.
14. In addition, the petition deals with matters that have been considered as part of the resource consent process (namely transportation effects and roading infrastructure), which are the subject of a judicial review before the High Court. Given this it is not appropriate for the Council to publicly comment on these matters at this stage.

**PETITION STATEMENT**

Please accept the attached petition for presentation to the Strategy and Policy Committee meeting on 17/09/2020.

This petition registers **our opposition to the sale or lease of any Wellington City Council land at Shelly Bay.**

It was organized by Peninsula Parents for a Safer Community, a diverse group of voters who live all over Te Motu Kairangi. (Information sheet attached).

One of our primary concerns is **traffic congestion and the lack of planning and safety considerations** being given to the impact on our roads this proposed development will have - including the very **real danger of serious accidents leading to loss of life.**

Despite derogatory claims that we're merely "fans", Peter Jackson had precisely **nothing** to do with this petition.

The **vast** majority of signatures are from **Wellingtonians and their extended whanau** who raise their voice out of genuine concern for our city's future.

**Please listen to us.**

**PENINSULA PARENTS FOR A STRONGER COMMUNITY** began as an informal group of friends and neighbours who have grown increasingly alarmed by the safety issues, the lack of planning and the threat to our community spirit that is posed by the impending traffic congestion nightmare about to unfold on the Miramar Peninsula.

We're a diverse group, from different backgrounds, who live all over the Peninsula – from Breaker Bay to Maupuia, from Seatoun and Strathmore to Miramar and Worsler Bay.

What *we are not* is a group of disaffected or politically motivated people who are anti-development. There are no NIMBYS here. In fact, we're the opposite.

We're the mums and dads and grandparents and aunts and uncles and brothers and sisters and friends and co-workers who show up to welcome newcomers into our community.

We're the ones who stand watch so all of our kids can cross the road safely; who find a way to fix the shortfall in funds so that our amazing schools and teachers have what they need; who turn up with baby clothes and formula and bedding and food and money when the call goes out from our hardworking but overstretched, community support groups; we are the parents who take our kids out on a Saturday morning to pick up rubbish from our beaches and parks when we'd rather have a lie-in; who support and

encourage and spend at local businesses; who are so grateful to our community police and emergency services for everything they do to help us make this a safe place to live.

We're a group of people, who value inclusive and sustainable growth; who want all our neighbourhoods to thrive and to be able to build upon a shared sense that we live in a community that cares about each other.

**WE ARE ALSO PEOPLE WHO VOTE.**

## Annual Dog Control Report 2019-2020

### 1. Introduction

The Wellington City Council, as a territorial authority, is required to manage and enforce provisions pursuant to the Dog Control Act 1996 (the Act) and subsequent amendments in 2003, 2004, 2006 and 2010.

S10A of the Act requires the Council to report annually to the Secretary of Local Government on its Dog Control Policy and practices.

This report fulfils this statutory requirement for the dog registration year: 1<sup>st</sup> July 2019 to 30 June 2020.

### 2. The Council's Dog Control Policy and Practises

#### 2.1 Policy Objectives

The Council adopted a Dog Policy in December 2009 making provisions relating to the control of dogs in public places, which are enforceable under the Wellington Consolidated Bylaw 2008 – Part 2: Animals.

The objectives of the policy are to:

- Ensure that the owners of dogs comply with their obligations under the Act, that dogs are well cared for and Wellingtonians are able to enjoy dog ownership;
- Prevent any danger caused by dogs to the public and to wildlife and natural habitats;
- Minimise the risk of distress and nuisance caused by dogs to the public and to wildlife and natural habitats;
- Actively promote the responsible ownership of dogs; and
- Provide for the reasonable exercise and recreational needs of dogs and their owners.

A review of the current Policy was undertaken during 2015/16. The Council adopted the finalised Dog Policy on 17<sup>th</sup> August 2016 and also set areas where dogs can exercise off-leash.

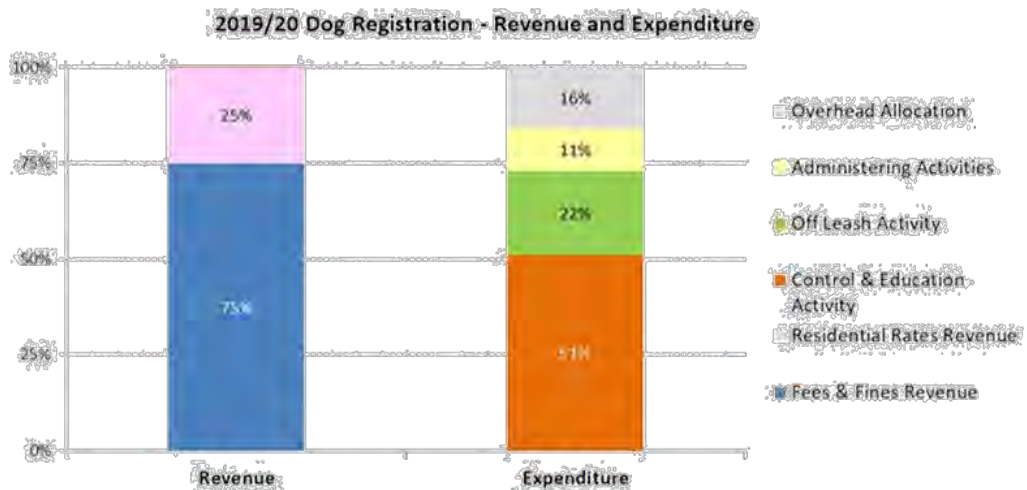

**3. Fees**

Dog registration fees, fines and impound fees contribute approximately 75% to the cost of dog control in Wellington City. The Council also operates a responsible dog owner scheme which provides a discounted rate for dog owners who meet the relevant criteria. Dog registration fees are set by council resolution and were increased during this year by 2.03% to reflect inflationary increases.

Fees are used for:

- Dog control activities including law enforcement, patrols and complaint investigation.
- Education programmes for schools, community groups and businesses.
- Signs and promotion of the Council’s animal bylaw and dog policy.
- Providing shelter facilities.
- Running the dog registration programme – this includes forms, printing, tags, maintaining the national dog database and related promotional material.

The graph below sets out the level of income and expenditure in relation to dog control activities during the year:

### Key Achievements

The Wellington City Council contracts the operations of its animal management functions to Hutt City Council and has a team of animal management officers based at the Wellington animal control centre at Moa Point.

#### **Key achievements**

The animal services team have officers dedicated to various wards in the city which allows for the officers to interact with dog owners and the general public in those areas.

By having the local knowledge of each ward area the officers are able to respond to complaints and requests for service in a very timely way.

#### **Community Engagement**

This year's community engagement programmes organised by our animal services team received enormous support and following on social media and Facebook pages. Dog owners and other members of the public voiced their appreciation for the team's efforts and their community work.

This year the team continued to be involved in community Christmas parades, dog club events, community pool events ("Dogs in Togs"), and a concert for dogs on the Wellington water front. We also activated our mobile pop up display offering on the spot dog registration and dog training advice as well as behavioural assistance for dogs to owners.

The team continued with our dog awareness programmes through speaking to groups that interact with dogs on a daily basis such as communication providers, mobile nursing staff and other council officers. Dog awareness training is now a key part of the health and safety programmes for these workers.

We continued with our very popular dog rehoming programme shared with Hutt City Council and have seen lots of interest on Facebook in relation to this programme. As a result, we rehomed dogs to people all over NZ and our profile for this programme is very high.

We continue to participate in community events, educating dog owners and assisting with dog training and advice where needed, as we believe that education is the key to gaining improved dog management and a safer, more informed community.

### **Patrols**

Due to numerous complaints from the public about uncontrolled dogs in city reserve areas, the team put together a new patrol schedule that was trialled over the early summer month period and then extended to the end of summer. This consisted of early morning and evening patrols 6 days a week in popular park and reserves such as Mt Victoria, Polhill Reserve, Makara Peak, Otari Wilton Bush, Khandallah Park and Wellington water front as well as sports fields and coastline. Many dog owners were spoken to and educated on bylaws and issues around wildlife sensitive areas and most of the dog owners not observing the rules received a written warning with only a few receiving an infringement.

Although patrols over the winter months continued, these started later and finished earlier due to there being less daylight hours in the day to conduct the patrols. The team will be looking at repeating the early morning patrols again as we get closer to the summer months.

### **Responsible dog owner training**

This year we organised 4 responsible dog owner courses in various part of the city at :

- The ASB Centre, Kilbirnie - 55 attendees (October)
- Khandallah Town Hall – 32 attendees (November)
- Johnsonville Community Hub – 48 attendees (March)

The 4<sup>th</sup> course which was scheduled for Miramar Community Hall was cancelled due to COVID restrictions.

These training courses have been a huge hit with dog owners and the feedback has been very favourable.

### **The effects of COVID on our services**

March, April and May 2020 were very strange months for all New Zealanders as Covid -19 hit our shores.

A level 4 lockdown forced all work places including Council to change the way they worked. The animal services team worked remotely from home with each officer still responding to issues in their wards but via the phone only, responding in person only to urgent or emergency calls.

Initially the work load slowed as the whole country went in to lockdown, but as walking dog sbecame the favoured pastime, officers became busy again with an array of bylaw breach issues. Off lead dog attacks spiked to an unprecedented high. Thankfully most of these were minor attacks.

During levels 4 and 3 of the lockdown period officers also spent their time checking the details of around 990 microchip numbers which were not recorded on our database and updating any details that were incorrect. Many dog owners were happy to provide chip details over the phone or direct the officer to the local vet to provide. This exercise proved to be a great opportunity for dog owners to talk to animal services officers about any questions they had.

During lockdown we closed our pound at Moa Point and shared the pound facilities at Seaview with Hutt City Council. This was so we could focus on one premises and ensure that all the lockdown rules were covered. If our animals control officers found dogs wandering the street they endeavoured to return them directly to the dog owner rather than impound them. We also registered any new dogs free of charge during the lockdown period (which was the last quarter of the registration year) – this was to ensure that we were able to enter the dog's details immediately onto the National Dogs database.

This year our invoices were issued a month later than normal. They were sent out in June 2020 when we were in alert level 2. We discouraged people from queuing at the Service Centre or Moa Point to pay their invoices and promoted on line payments via our website, internet banking or by cheque in the mail.

When we issued our invoices we also sent out an information sheet to all registered dog owners reminding them that our little blue penguins were starting to become braver during lockdown and venturing out into areas normally filled with people and their dogs. We included a leaflet from *Places for Penguins* which explains how being a responsible dog owner can save the lives of our Korara

#### **New dog park**

This year we created a new fenced dog exercise area at Mount Albert Park. The park is located off the Southern Walkway, near the junction of Volga Street and Mt Albert Road. It is popular with dog walkers, who currently have access to on-leash tracks as well as a large, unfenced off-leash area. This project provided a new area for the Southern suburbs, benefiting not only the local community but also people coming from further afield to use the park.

**Aerial view of Mount Albert Park:**

**Neutering menacing dogs**

In 2016 the Department for Internal Affairs launched a nationwide campaign for the neutering of menacing dogs. In January 2017 we were successful in obtaining a DIA grant to fund the neutering of all dogs in Wellington classified as menacing. Under the Act, a dog may be classified as menacing if it belongs to a breed or type listed in the Act, or if the local authority considers the dog poses a threat to people or animals on the basis of its behaviour.

During the year we worked alongside our SPCA partners to contact the owners of menacing dogs and arrange for neutering to take place. Overall 7 dogs were neutered this year under the programme

**4.4 Dog related complaints: Response to service requests:**

The target time for responses to service requests is within one hour for urgent requests and 24 hours for non-urgent requests:

**Urgent dog complaints responded to within 1 hour : 94% (the target is 100%)**

The 100% target was not achieved due to our complaint logging system not relaying some complaint details through to the animal control officers – this is an intermittent issue which is being investigated. Additionally, some complaints were emailed to inboxes that are only monitored during office hours – we have now amended information on our website encouraging people to contact the Council by phone for after-hours complaints.

## ANNUAL REPORT ON ALCOHOL LICENSING REVENUE AND COSTS FOR THE YEAR 2019-2020

---

### Purpose

1. This report asks the Council to accept this report which is a statutory requirement under the Sale and Supply of Alcohol Act 2012.

### Summary

2. This annual report details income received, and costs incurred in the alcohol licensing function for the period 1 July 2019 to 30 June 2020.

### Recommendation/s

That the Council:

1. Receive the information.
2. Adopt the Annual Report of alcohol licensing income and costs for the year 2019-2020.

### Background

3. Under the Sale and Supply of Alcohol Act 2012 the fees regulations introduced a national risk-based licensing fees framework for alcohol licensing.
4. The Ministry of Justice is the Government Department which administers the Sale and Supply of Alcohol Act 2012. The legislation aims for territorial authorities to recover the costs incurred in administering the alcohol licensing system. The Regulation 19 report is a tool to help determine whether this is being achieved.
5. The Fees Regulations set default fees for on-licences, off-licences and club licences. They distinguish between application fees and annual fees. The Fees Regulations set fees for other licence types including manager certificates, temporary authorities, special licences, temporary licences and permanent club charters.
6. Regulation 19 reports provide information on costs, income and levels of cost recovery, and improve transparency and accountability. They are also intended to provide reliable data for the Ministry of Justice review of fees, which is required to be undertaken every 5 years.
7. **Regulation 19 of the Sale and Supply of Alcohol (fees) Regulations 2013 requires that:**  
Every territorial authority must, each year, prepare and make publicly available a report showing its income from fees payable in relation to, and its costs incurred in, -
  - (a) the performance of the functions of its licensing committee under the Act; and
  - (b) the performance of the functions of its inspectors under the Act; and
  - (c) undertaking enforcement activities under the Act.

### Discussion

8. The report for the year 2018-2019 indicated that the cost recovery rate for alcohol licensing was 65%. On 15 August 2019 the City Strategy Committee recommended to

Council that an alcohol fees bylaw be introduced as a mechanism for increasing the cost recovery rate to 85% through the increase of alcohol licensing fees.

9. Council subsequently agreed to the introduction of an Alcohol Fees Bylaw which came into effect on 1 October 2019.
10. As part of the Alcohol Fees Bylaw it was agreed that the fees increase would be phased over a 2-year period. On 1 October 2019 all alcohol licensing fees were increased by a standard % across all types of fees which resulted in the cost recovery rate reaching 71%.
11. In relation to year 2 of the fee increases the City Strategy Committee directed that: *The Council and industry stakeholders work together to .... determine an appropriate level of stage 2 alcohol fees.*
12. A number of workshops were held with Council officers and key stakeholders in the hospitality industry and a new fee structure was devised with the proposal being that this new structure should come into effect on 1 July 2020.
13. In March 2020 New Zealand went into lockdown as a result of the COVID-19 pandemic. During Alert Level 4 of the COVID-19 lockdown hospitality businesses were closed. During Alert Level 3 businesses were able to start activities in terms of either delivering food or arranging for food pickups but they were not permitted to allow customers into their premises. During Alert Level 2, licensed premises were permitted to open their doors to customers provided that they observed the rules of 'seated, separated and single server. This significantly reduced the number of customers that businesses could allow into their premises. The overall impact of the COVID-19 restrictions was that the hospitality businesses were seen to suffer significantly in financial terms.
14. On 19 April 2020 there was an Extraordinary Council meeting which was set up to discuss Council's pandemic response plan. As a result of that meeting Council agreed the following in relation to alcohol fees:

*Annual licence and renewal fees will be set at \$1 for the remainder of quarter 4. In addition, licensees will still be required to pay the component of the fees payable to ARLA based on the original licence fee as set out in section 8 of the Sale and Supply of Alcohol Act 2012.*

*Support for the sector for 20/21 will be considered further in June.*

15. It was decided in June 2020 that stage 2 of the proposed alcohol fee increases would not be introduced in order to support the hospitality industry from 1 July onwards.
16. The result of stage 2 fee increases not being introduced and the financial impact of charging substantially reduced fees for quarter 4 is that for this reporting year the cost recovery rate is calculated at 64% (with a breakdown of these calculations shown in the attached report).

## Options

17. Council is required to adopt this report under Regulation 19 of the Sale and Supply of Alcohol Act Fees Regulations.
18. Council may consider whether they wish to increase alcohol licensing fees in coming years which will be facilitated by the Wellington City Council Alcohol Fees Bylaw.

---

Next Actions

19. Once the report is adopted, a copy will be made available on Wellington City Council's website and a copy will be sent to the Ministry of Justice.

The Fees Regulations set fees for other licence types including manager certificates, temporary authorities, special licences, temporary licences and permanent club charters.
