Wellington City District Plan
Clause 5 of First Schedule, Resource Management Act 1991

Proposed District Plan Change 74 – Telecommunication Structures

Plan Change 74 proposes to amend the rules in the District Plan which manage telecommunication structures (eg. masts, antennas and cabinets). This includes rules on where structures can and cannot go, and how tall they can be. These changes will bring the Plan's rules more in line with the national environmental standard for telecommunication structures. It also aims to increase protection for residential communities from the potential visual effects of these structures.
